

## 2016 Graduation and Employment Rates

Prospective students often ask how graduates from our programs are doing to help make a well-informed decision about applying at AIAM.

The following is according to our 2016 Accrediting Commission of Career Schools and Colleges (ACCSC) Annual Report Graduation and Employment Charts submitted October 2016. The reporting period runs from July 1 through June 30 of each year and is determined by taking the programs normal length of completion in months multiplied by 150 percent and adding three (3) months for employment.

For this reason, recent graduates and students in the 24-month Registered Nursing Program are not reflected in the report as they have not reached the allowable time period for completing the program and finding employment.
