Western Arizona Practice for Sale

Are you a practitioner who's ready for their own clinic, or an additional clinic, outside the city? My rurally-based acupuncture and Chinese herbal therapy clinic is on solid footing and serves a population of 42K within half an hour drive and is eagerly sought after. Zero other acupuncture and herbal specialists in this area.

The gem of this purchase is the rented clinic that is leased through 2022 and sports 1,000 sf with potential living quarters on site. The rent is unbelievably low at \$300 per month. Thus the overhead for this cash-based sole proprietorship is far below that of most practices.

A thorough and complete transition is available to the buyer and terms are negotiable. Serious inquiries are welcome to write me at docbarb928@aol.com
